

JINAN TEBO MACHINERY CO., LTD

Company profile

Jinan Tebo Machinery Company (Tebo Group Co., Ltd.) is located in China hydraulic lift platform production base—Jinan JiBei economic development zone, Shan dong province of China. It was founded in 2008.

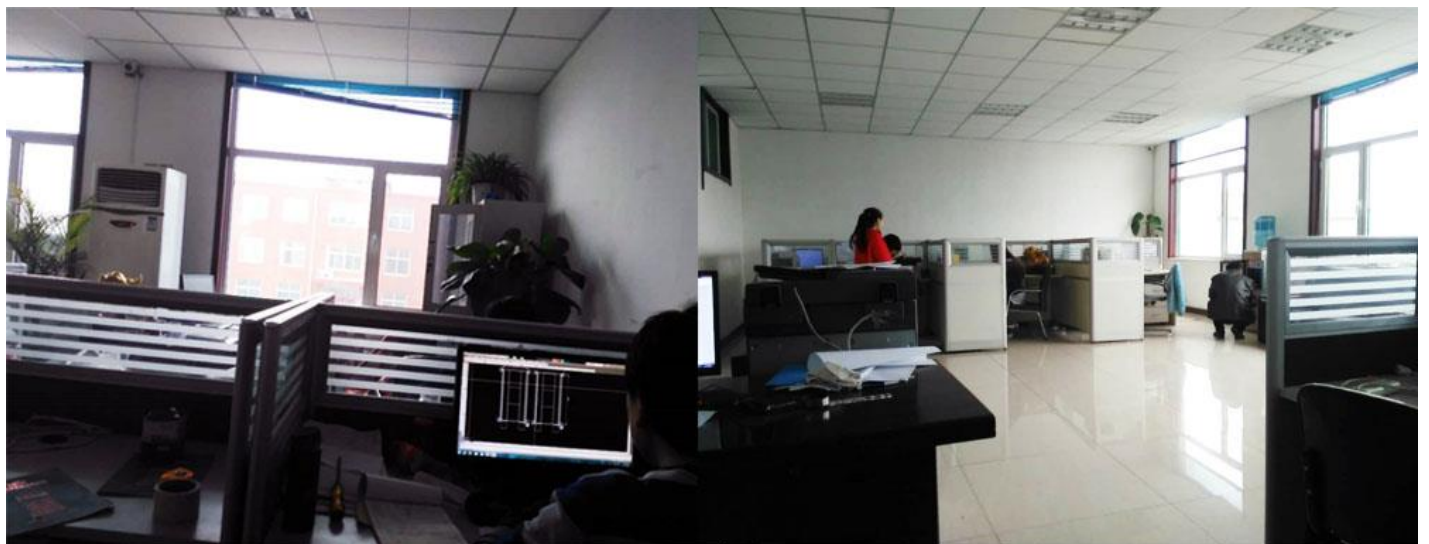

We are focus on lifting Machinery's researching and development, production and sales. Now Tebo products are separated into 4 products branches (Hydraulic man/home lift, hydraulic goods lift, car parking system, hydraulic scissor lift) TEBO Group now has 3 production bases, covers an area of 300 mus. We have 8000 square meters of specialized and standardized production workshop, and about more than 1200 square meters of office building, dormitory building, materials warehouse and exhibition hall of finished products, which separated into 3 workshops groups, cutting room, warehouse room, and assemble room.

Tebo has been abiding consistently by its development guideline of "Quality, Integrity and Efficiency" ever since it was founded. It is strictly abide by the law of the "People's Republic of China Machinery Industry standards"& CE standard. We are continuously improving the quality of products and developing a series of new products to satisfy the different market's requirement.

Tebo company can produce more than 2000 pieces hydraulic lift equipment every year, we have strongly capability in designing, manufacture, quality control and after sales service for customers, Now days, Tebo have 6 core department, Designing, R&D, Sales, Production, After sales and Management which constructed by 278 staff now, more than 60% people have university degree.

From the foundation of Tebo, we spent too much time for the work of quality control and production research, now, Tebo is the leader manufacture in the field of hydraulic lift platform in China. Welcome every friends of the world to visit us and make the cooperation with us.

We believe, our cooperation will be smooth and comfortable.

6. Technical data
<p>Technical Construction File no. OVITEST-2015-JNHL1128A</p>

7. Remark
<p>The product(s) has been verified on a voluntary basis. The product(s) satisfies the requirements of the Safety Compliance Mark of ECM, in reference to the above listed Standard(s). The above Certification Safety Mark can be affixed on the product(s) accordingly to the ECM regulation (see www.entecerma.it) about its release and its use. Whereas the Manufacturer is responsible of the CE certification of the product(s) and not exempted to perform all the necessary activities before placing the product(s) on the market. The Manufacturer is also responsible to maintain efficient the internal production control to ensure the product(s) is in compliance with the Safety Compliance Mark. This certificate can be checked for validity at www.entecerma.it</p>

8. Release date
<p>Place: Valsamoggia (BO) - ITALY</p> <p>Date: 14/12/2015</p> <p>Expiry date 13/12/2020</p>

B. Standard products

Item	Capacity	Application
	Mobile scissor lift	300~500KG Used for maintenance work, aerial work, house decoration work, or construction work
	Self-propelled scissor lift	300~500KG Used for maintenance work, aerial work, house decoration work, or construction work
	Aluminum alloy scissor lift	250KG Used for maintenance work, aerial work, house decoration work, or construction work
	Steel yard ramp	6T, 8T, 10T, 12T Used for forklift users to load goods or unload goods
	Dock leveler	6T, 8T, 10T, 12T Used for forklift users to load goods or unload goods
	Hand pallet truck loading goods platform	2Ton, 3Ton Used for loading goods from ground to the lorry, so it can replace forklift.
